

Amanda Gore

Amanda Gore is the CEO of The Joy Project and one of Australia's and America's most popular 'experience creating' speakers. She blends the principles of ancient wisdom with new research in modern science to wake people up to what really matters - in life and at work.

Involving the audience in an entertaining way that gets them all connected, she shares strategies, techniques and skills that allow people to adapt to change, transform their attitudes, eradicate fear, and improve relationships, communication, leadership sales and customer service. The most important thing in life is how you feel about yourself - because that affects every other aspect of your life - especially your performance. The ability to make others feel good about themselves is rarely taught, yet critical for success in any field. People are 80% emotional and 20% rational - they will never forget how you made them feel! Amanda teaches people how to operate at that feeling level!

Her latest venture is The Joy Project. Her mission is to create a global joy movement where people learn to rediscover their joy, using the principles in her book **JOY IS AN INSIDE JOB**.
